

WHEELING RIGHT IN IT.

Dillon and Arbous Show Up Well in the Great Road Race.

THE TRIANGLE MAN GETS A MEDAL.

For Finishing First at Erie—The Two Wheeling Riders Came Through on One Wheel Each—The Remarkable Time Made in the Race, Dillon Being Under Bannister's Record. Yesterday's News of Sport.

Special Dispatch to the Intelligencer.

PITTSBURGH, August 25.—Just eight minutes before the hour of one this afternoon, George E. Williams, the Pittsburgh Century Club's fast road racer, finished first in the great Buffalo-Pittsburgh bicycle road race, run under the auspices of the Pittsburgh Press, and was greeted with great enthusiasm by the immense crowd gathered at the Press office. Williams' time was 20:37, badly breaking the record made by Bannister, of Youngstown, last year, 23:58.

The two Wheeling riders who started in the race at Buffalo yesterday afternoon, Lester R. Dillon and John Arbous, did remarkably well, making a better showing than any other city, and if three other men as good as he had been entered from Wheeling, the West Virginia town would have taken the team prize, which was captured by Pittsburgh. Wallin, of Erie, finished second at 1:00, thirty minutes behind the winner. Dillon, of Wheeling, finished sixth in 23:37 and got a medal for finishing first at Erie. Arbous, of Wheeling, got seventh place arriving at 4:13, 214 minutes after Dillon, riding time being 23:58, just one-fourth minute over the time made by Bannister last year. The following table shows the time of finish and actual time consumed:

Arrived.	Time.
1—George E. Williams.....	20:37
2—Charles G. Wallin.....	21:00
3—Lester R. Dillon.....	22:14
4—C. M. Wakenfield.....	22:30
5—L. M. Mowbray.....	22:50
6—John Arbous, Jr.....	23:37
7—C. F. Schanberg.....	23:58
8—C. F. Schanberg.....	24:29
9—Otto Morawitz.....	25:47
10—George R. Wolf.....	26:42
11—W. R. Farnum.....	27:48
12—Charles F. Enoch.....	28:43
13—Jacob Heering.....	31:50

Both Did Well.

The Sunday Press, in speaking of the race, has the following about the two Wheeling men:

Dillon, of Wheeling, who made such a plucky ride to Erie, went through without a serious mishap of any sort. He was in a spill near Erie in which several wheels were mixed up, but was not hurt. He came through on one wheel. (This is all the more remarkable as Dillon rode an eighteen-pound racing machine—a Triangle—through the entire race. Many of the men had extra machines at points along the road.)

John Arbous, of Wheeling, has sand enough to make up for light build and only moderately strong constitution. He rode a hard, determined race, and won seventh place after several hard falls, by sheer force of will power.

CYCLING MADE EASY.

Surplus Power Going Down Hill to be Saved for Climbing Grades. S. Calton, a watchmaker of Pannsylvania, Pa., has invented a motor for bicycles and tricycles. It is a barrel spring, with sprocket and ratchet wheels, much like the motor spring of a watch, and is so arranged that it can be wound up, either by hand or by the motion of the wheels in going down hill.

The motor is designed to assist the rider in going up hill, and may be used or not at the will of the rider by a simple and easy method of changing the gearing. It is also provided with a device for preventing the wheels from turning backward and for supplying additional motive power when the wheel strikes a stone or any other projection in the road. The principal object of the contrivance is to save the surplus power which is wasted going down hill, to be applied to going up hill.

THE FUTURITY

Won by a Flit for the First Time in the History of the Turf.

Butterflies won the Futurity race on Saturday by a head. This is the second time that the Gideon & Daily stables have won the Futurity stakes. The race was exciting, and had it been a longer distance Brandywine, who came in second, would have won the rich purse. Agitator, ridden by Tarral, was third by half a length.

Road Race Record. CHICAGO, August 25.—William Gardner, of the Columbia wheelman, to-day in the annual road race of the club, lowered the American record for the ten mile road race to 20:12. The previous record was 27:17 4-5. Several other riders also beat the latter time.

SPORTING SPRAY.

PARK, August 25.—André, of Vorvies, Belgium, finished first in the bicycle race from Paris to Dinant, Belgium. Walter was second.

The Vigilant foot ball team, of Martin's Ferry have received their new suits and will immediately begin to practice for the coming season.

To-morrow is the first day of the Moundsville Driving Park races. The card to-morrow includes a 2:35 trot, with a purse of \$300, and thirteen entries; a 2:25 pace, purse of \$200, and eight entries; a 3:00 minute country trot, with a purse of \$50, and six entries.

Yesterday a party of Steubenville cyclists, consisting of Messrs. Louis Becker, Will T. Jarvis, C. P. Hutterly, John Wachtler, Philip Roth, Albert Blum and John Wallace, took a pedaling tour and arrived in this city at 11 a. m. After taking dinner at Hottelmann's restaurant and strolling around the city, they left at 3 o'clock for home on their wheels.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Logan Drug Co.'s drug store. Regular size 50c, and \$1.00. 3

THE COMING STATE FAIR.

A Week from To-day the Great Exhibition Opens.

A week from to-day—Monday, September 3—the annual exhibition of the West Virginia Exposition and State Fair Association will open. All the preparations are in an advanced stage, and to-day and every day hereafter the association's office on the grounds will be open and business may be transacted there with the officials. The ladies in charge of the woman's, children's and fancy work departments can also be found in the main building daily hereafter.

A large force of men is at work decorating the buildings and putting the grounds in first class condition. They were never in better shape than they will be at the opening of the coming fair.

The speed entries close at 11 o'clock this evening. All entries mailed before that hour will, of course, be valid, so that it may be as late as Wednesday before the full list is made up. It will include some faster times than have yet been seen on the Island course.

NOT ENOUGH WATER.

Difficulty in Securing Water for Locomotives on Railroads.

The dry weather of the past few weeks has dried up most of the small streams in the country, and in many places it is almost impossible to get a sufficient supply of water for household use. The Baltimore & Ohio railroad has to haul water from this city for the Grafton division, and the Wheeling & Pittsburgh division is being supplied from Glenwood, Pa. The Glenwood water is taken from the river there and contains so much sulphur that it is very injurious to the boilers, causing them to corrode, but is the only source of supply at present.

The Grafton division receives its water from the Wheeling water works and hauls it in tank cars to the different places on the road where it is needed. It is not an infrequent sight to see eight or ten tank cars going at once filled with water.

STONED A CAR.

Exiting Time at the Lower Terminus of the Ohio Side Car Line.

Last night, as one of the over-the-river line street cars was starting from the terminus in lower Bellaire, a crowd of ten toughs endeavored to capture the car from the conductor and motorman. These two were plucky, however, and the gang was beaten off. They then resorted to stones and broke almost all the windows of the car men. The names of three of the toughs are known, and they will this morning be arrested.

POPULIST CONVENTION

At Sutton Saturday—A Candidate and His Family Brass Band.

Special Dispatch to the Intelligencer. Sutton, W. Va., August 25.—The Populists held their county and delegate district convention here yesterday. There were a goodly number of them present. The ticket nominated is: W. R. Pierson, of Braxton, and Worth Mullens, of Clay county, for house of delegates; N. B. Hamrick for superintendent of schools, and John Adams for commissioner of county court.

Mr. Stealy, Populist nominee for Congress, was present and gave the boys a short talk. He had with him his family, who compose a brass band and gave some good music. Several of the boys made addresses and scored the Democrats and Republicans both coming and going. The convention was quite enthusiastic.

HER EXCITING EXPERIENCE.

A Steubenville Young Lady Makes a Bad Mistake and Jumps from a Flying Train. Special Dispatch to the Intelligencer.

STREUBENVILLE, O., August 25.—According to a letter received here Miss Jessie Wolcott, of this city, had a thrilling experience while on her way to Spokane, Washington. While passing through Kansas she was awakened from her sleep on the seat by the screaming of women and looking up saw men running and jumping off the train.

Thinking a collision was imminent she followed the men and jumped off the flying train, alighting on another track from which she rolled hastily in the opposite direction. With torn clothes, bruised and bleeding, she walked to the next station, where she was taken care of. She learned that the men she had seen were sneak thieves, who only managed to go through one car when an alarm was given.

A Nose Partly Chewed Off.

Special Dispatch to the Intelligencer.

STREUBENVILLE, O., August 25.—A brutal fight occurred here last night in the back yard of the St. Charles hotel between Michael Donegan and Albert Thompson, rival suitors for the affections of Miss Porter, an employee of the hotel. Donegan chewed the end off Thompson's nose and fled.

Guy, 2:11, the famous pacer, will go against a field of noted pacers in the free-for-all at the Moundsville Driving Park, August 30.

KENNETH BAZEMORE had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all and he had some left which he gave to Geo. W. Baker, a prominent merchant of the place, Lewiston, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrhea, colic or cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular.

Guaranteed Cure.

We authorize our advertised druggist to sell Dr. King's New Discovery for Consumption, Coughs and Colds, upon this condition. If you are afflicted with a cough, cold or any lung, throat or chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottle free at the Logan Drug Co.'s drug store. Large size 50c and \$1.

All Free.

Those who have used Dr. King's New Discovery know its value, and those who have not, have now the opportunity to try it free. Call on the advertised druggist and get a trial bottle free. What one Grocer says:

"I hire clerks who can sell the goods that I tell them to sell—and of course I tell them to sell the goods on which I make the most money. If they can't do it I won't have them. That's what I hire them for."

This is an actual fact related by a grocer to our salesman—and it's a common fact; we have it daily. So, you see, when they tell you that some worthless or dangerous washing-powder is "the same as" or "as good as" Pearlina, that's because it pays a larger profit. Too large, altogether, if clerks can be hired on purpose to make people take things they don't want and know nothing of, instead of a tried and proved article like Pearlina. If your grocer sends you what you do not order, be honest—send it back.
